

OFFICIAL PRODUCT CATALOGUE & EPC SIZING GUIDE • 2026 EDITION

SOLVIRO ENERGY

COMPLETE MODERN SOLAR SOLUTIONS

Authorized Solar EPC & Dealership Partner • Rewa, Satna, Sidhi, Singrauli, Katni, Jabalpur & Mauganj

Complete Modern Solar & BIPV Architectural Solutions

Turnkey Residential Rooftop (PM Surya Ghar), Authorized Loom Solar Dealership, National Tier-1 Solar Giants (Waaree, Adani, Tata Power Solar), Building-Integrated Photovoltaics (BIPV Roof Tiles, Glass, Windows, Doors, Balcony Railings), Agricultural Solar Pumping (PM-KUSUM), Solar Atta Chakki, Micro Cold Storage, and Solviro CleanPro™ 360° Operations & Maintenance.

₹0 Down	₹78,000	5 Years	30 Years
100% Bank Financed	PM Surya Ghar Subsidy	All-Risk Insurance	Linear Output Warranty

1. Company Profile & Madhya Pradesh Service Network

Solviro Energy is an ISO-certified, MNRE-registered turnkey Solar EPC (Engineering, Procurement & Construction) and Building-Integrated Photovoltaics (BIPV) solutions provider headquartered in Rewa, Madhya Pradesh. We operate dedicated local engineering teams, equipment warehouses, and rapid-response dispatch centers across seven key regional districts:

- **Rewa (Headquarters):** Shop No. 04, 1st Floor, beside Brijvatika Marriage Hall, Gurh Road, Chirahula. Central stocking, customer consultation zone, and CleanPro™ O&M command center.
- **Satna Hub:** Serving Civil Lines, Maihar, and surrounding commercial and residential installations.
- **Sidhi Hub:** Covering Churhat and Majhauli with agricultural pumping and rooftop systems.
- **Singrauli Hub:** Specialized in Waidhan and Morwa for commercial, industrial, and DG-PV synchronization systems.
- **Katni Hub:** Murwara commercial, marble processing, and residential rooftop EPC.
- **Jabalpur Hub:** Architectural BIPV villas, multi-story apartments, and hospital rooftop installations.
- **Mauganj Hub:** Hanumana and Naigarhi agricultural farm solar, solar fencing, and solar flour mills.

Local DISCOM Synchronization: Registered Channel Partner with *Madhya Pradesh Poorv Kshetra Vidyut Vitaran Co. Ltd. (MPPKVVCL)* for fast-track net-metering sanctions, bi-directional meter installation, and DBT subsidy processing.

2. All-India & Global Tier-1 Solar Manufacturers Directory (Solviro EPC Sourcing Portfolio)

Solviro Energy procures, installs, and services Tier-1 ALMM-compliant and international gold-standard solar equipment across Madhya Pradesh. Below is our comprehensive manufacturer matrix:

MANUFACTURER	ORIGIN / CAPACITY	FLAGSHIP TECHNOLOGY & SPECS	EFFICIENCY & WARRANTY	MP APPLICATION & STATUS
Loom Solar ⭐	Faridabad, HR (Shark Tank)	SHARK 575W–700W TOPCon Bifacial, CAML 48V 100Ah LiFePO4, Fusion Hybrid Inverter	22.8% • 10-Yr / 30-Yr Output	**Official Dealer in Rewa**; In-stock Rewa Warehouse; PM Surya Ghar
Waaree Energies	Mumbai, MH (13.3+ GW)	Elite N-Type TOPCon 550W–670W, Bi-33 Bifacial, Flexible Frameless Modules	22.6% • 12-Yr / 30-Yr Output	India's #1; ALMM Approved; Rewa, Satna, Jabalpur residential & C&I
Adani Solar	Mundra, GJ (4+ GW Gigafactory)	Elan N-Type TOPCon 540W–660W, Shine Series Bifacial Modules	22.4% • 12-Yr / 30-Yr Output	Mega Factory Rooftops, Warehouses, Cold Storage (Satna, Singrauli)
Tata Power Solar	Mumbai, MH (34+ Yrs Pioneer)	TPSSL High-Yield Mono PERC & TOPCon, Microinverters & Central Inverters	22.1% • 12-Yr / 25-Yr Output	SBI & Tata Capital Loan Partner; Rewa & Jabalpur residential
Vikram Solar	Kolkata / Chennai (Tier-1 BNEF)	Suryava & Somera Series 540W–670W, High-Heat Central India Tolerance	22.3% • 12-Yr / 30-Yr Output	PM-KUSUM Approved; High-Heat Tolerance in MP Summer
Goldi Solar	Surat, Gujarat (3 GW)	Heloc Plus 540W–670W TOPCon Bifacial, Nano Anti-Reflective Coating	22.5% • 12-Yr / 30-Yr Output	Commercial Flour/Rice Mills & Industrial Sheds across MP
Premier Energies	Hyderabad, TS (Cell Maker)	Automated N-Type TOPCon Cell & Bifacial Glass-Glass Module Line	22.7% • 12-Yr / 30-Yr Output	MNRE Empanelled; Institutional & Government Solar Projects
RenewSys India	Bengaluru & Hyderabad	Deserv Bifacial Modules, In-house POE/EVA Heavy Weather Encapsulation	22.0% • 10-Yr / 25-Yr Output	Mining & Heavy Dust Areas (Katni, Singrauli)
Rayzon / Saatvik / INA	Gujarat / Haryana / Rajasthan	Albatross 580W+, Twin Glass Bifacial, Submersible Pump Compatible	21.8%–22.6% • 25–30 Yr	PM-KUSUM Agri Pumping & Rural Electrification (Sidhi, Mauganj)
UTL / Luminous / Microtek	NCR / Haryana (Schneider Group)	Gamma+ rMPPT PCU, Solarverter PRO, SuperPower Inverters, Li-ON Batteries	95%–98% Inverter Eff. • 5-Yr	Semi-Urban & Rural MP Champion; 24-Hr Power Outage Backup
Sungrow / Growatt / Deye	Global #1 PV Inverters (Bengaluru)	SG Series String & Central Inverters, MIN/MID On-Grid, Low-Voltage Hybrid Deye	98.8% Peak Eff. • 5–10 Yr	Commercial Rooftops & Diesel Generator Hybrid Sync in Rewa/Satna
Enphase Energy	California, USA / Bengaluru	IQ8 Series Microinverters (per-panel MPPT, rapid safe shutdown, low AC)	97.5% • 25-Year Warranty	Premium Luxury Villas, Apartments & Balcony Kits (Rewa & Jabalpur)
LONGi / Jinko / Trina	Global #1 Wafer & TOPCon Giants	Hi-MO 6 HPBC, Tiger Neo 620W N-Type TOPCon, Vertex 670W 210mm Modules	Up to 23.2% World Record	Benchmark Utility & C&I Standards (Reference: Rewa Solar Park 750 MW)

3. 9 Commercial & Residential Solar Varieties (Complete Product Portfolio)

Solviro Energy engineers and deploys customized clean-energy solutions across nine dedicated application domains in Rewa and surrounding districts:

SOLAR BUSINESS VARIETY	CAPACITY / SIZING	KEY TECHNICAL SPECS & APPLICATION	SUBSIDY & FINANCING
1. Home Rooftop Solar	1 kW – 15 kW	On-Grid/Hybrid N-Type TOPCon bifacial modules, LiFePO4 battery, MPPKVVCL net-metering.	₹78,000 PM Surya Ghar • ₹0 Down SBI 6.99%
2. Balcony Solar Kits	400W – 1200W	Plug-and-play railing kits with microinverter; plugs directly into standard 16A Indian 3-pin socket for flats.	Zero roof needed • ₹38,000–₹72,000 kit
3. Paper Solar Panels	100W – 380W	Ultra-thin (1.2mm), lightweight (1.5 kg/m²), 240° bendable film for curved tin sheds, RVs, backpacks & glamping.	3M adhesive backing • Hail-resistant
4. BIPV Solar Architecture	Custom Sq.Ft	Double-glazed PV facade curtain walls, semi-transparent solar glass windows (20%–40% transparency), solar tiles.	Green building credits • Replaces cladding
5. Commercial Roof Solar	10 kW – 1 MW+	Elevated GI roof structures for factory tin sheds, rice/flour mills (atta chakki), warehouses & hospitals.	40% Accelerated Deprec. • OPEX/CAPEX
6. Solar Agri Pumping	3 HP – 10 HP AC/DC	High-discharge submersible/surface borewell pumps with smart GPRS mobile controller and solar atta chakki.	Up to 90% Subsidy under PM-KUSUM
7. Solar Fencing (Zatka)	8 kV – 10 kV Pulse	Safe non-lethal pulsating shock energizer with 110dB siren & 72hr solar battery backup to deter wild boars/Nilgai.	From ₹12,500 • 100% legal crop security
8. Solar Water Heaters	100 LPD – 2000 LPD	Three-target evacuated vacuum tubes (ETC) & copper FPC with SS-304 insulated food-grade hot water tank.	Cuts geyser bills • Steaming 85°C water
9. Solar Street Lights	15W – 120W LED	All-In-One integrated pole lights with mono panel, long-life LiFePO4 battery, and dusk-to-dawn PIR motion radar.	100% Wire-free • From ₹3,499 per unit

4. Complete 7-Vertical Component Sizing Guide (Official Poster 1000126117 Specifications)

CATALOGUE VERTICAL	PRODUCTS & TECHNICAL SPECIFICATIONS	APPLICATIONS & WARRANTIES
01. Solar Power Systems	Rooftop Solar (1 kW–15 kW), Commercial & Industrial EPC (20 kW–500 kW), On-Grid Net-Metered, Off-Grid PCU, Smart Hybrid Systems, Waaree/Adani/Tata/Loom Mono PERC, Half-Cut, Bifacial & TOPCon Modules.	Homes, Duplexes, Offices, Hospitals, Factories. • 25–30 Yr Linear Warranty • Up to 95% Bill Cut
02. Energy Storage	48V/51.2V Wall-Mount & Rack LiFePO4 Lithium Banks (5 kWh to 50 kWh, 6000 cycles, Smart CAN/RS485 BMS), Solar C10 Tall Tubular Lead-Acid (150Ah–220Ah, 60-72 Mo), VRLA SMF Gel Batteries, Greenfinity Systems.	Villas, Clinics, Atta Chakkis, Telecom Towers. • 10–15 Yr Lithium Life • 100% Acid-Fume Free
03. Solar Agriculture	DC & AC Solar Submersible & Surface Pumps (3 HP–10 HP), Solar Drip & Sprinkler Micro-Irrigation, Solar Agricultural Perimeter Fencing (8–10 kV non-lethal pulsed energizer with siren alarm protecting crops from wild boars & nilgai).	Farms, Orchards, Nurseries. • Up to 60% PM-KUSUM Subsidy • Zero Diesel Dependency
04. Solar Lighting Range	Indoor Home & Office Solar Lighting Kits, Dusk-to-Dawn Integrated All-in-One Solar Street Lights (20W–150W with PIR motion sensor & LiFePO4 battery), Solar Garden & Pathway Bollards, Gate Pillar Lights, High-Mast Floodlights.	Colonies, Farmhouses, Highways, Rural Streets. • IP66 Weatherproof • 3-Night Rain Autonomy
05. Solar Architecture (BIPV)	BIPV Solar Roof Tiles & Shingles, Transparent Solar Windows (20%–50% VLT daylight glass), BIPV Balcony Balustrades & Guardrails (BQ-0001), BIPV Facades & Rainscreen Cladding (Mitrex/Navgrun), Skylights, Atriums, Solar Doors, Pergolas, Canopies & Louvers.	Luxury Bungalows, Hotels, High-Rise Balconies. • Replaces Building Material • Blocks 85% UV/IR Heat
06. Mobility & Infrastructure	Structural Solar Carports (Bifacial dual-glass overhead canopy protecting vehicles), Integrated 7.4 kW–22 kW AC Wallbox & 30 kW–60 kW DC CCS-2 EV Fast Chargers, Apartment & Housing Society (RWA) Micro-Grids, Industrial Carports.	Commercial Parking, RWAs, Malls, EV Hubs. • Dual Revenue Generation • 150 km/h Wind Certified
07. Other Solar Solutions	Solar Water Heating ETC & FPC Systems (100 LPD to 5,000 LPD with SS-304L tank), DG-PV Synchronization Controllers (50 kVA–500 kVA saving 40%–60% diesel), Bi-directional Smart Meters, High-Tension (HT) & EOT Protection, ACDB/DCDB Combiners.	Hotels, Hostels, Factories, Hospitals. • Massive Thermal Savings • Eliminates DG Tripping

5. BIPV vs. BAPV Architecture Guide

BIPV (Building-Integrated Photovoltaics)

Core Concept: The solar element *IS* the structural building material itself. It replaces conventional clay/slate roof tiles, curtain wall cladding, window glazing, skylights, entrance doors, and balcony railings.

Key Advantages:

• Saves the cost of traditional construction materials.

• Provides complete weatherproofing, acoustic insulation, and thermal heat reduction (>85% UV/IR block).

• Seamless high-end aesthetic with zero protruding brackets or visible rails.

BAPV (Building-Applied Photovoltaics)

Core Concept: Traditional framed solar panels mounted on top of an already finished roof or structure using galvanized steel or aluminum racking.

Key Advantages:

• Rapid retrofit installation on existing flat RCC roofs, tin sheds, or sloped roofs without structural modification.

• Mounted at the exact optimal South tilt angle (22°–24° for Madhya Pradesh) to maximize annual kWh generation.

• Elevated structures preserve 100% usable terrace space underneath.

6. Government Subsidies & Zero Downpayment Financing

A. PM Surya Ghar: Muft Bijli Yojana Central Financial Assistance (CFA)

ROOFTOP SOLAR PLANT CAPACITY	CENTRAL GOVERNMENT CFA / SUBSIDY	ESTIMATED MONTHLY GENERATION	ZERO DOWNPAYMENT EMI
1.0 kWp Plant	**₹30,000 to ₹33,000** (₹30,000 / kW)	~120 to 140 Units	~ ₹950 / month (84 Mo)
2.0 kWp Plant	**₹60,000 to ₹66,000** (₹30,000 × 2)	~240 to 280 Units	~ ₹1,450 / month (84 Mo)
3.0 kWp Plant (Recommended)	**₹78,000 Flat Maximum** (+₹18,000 for 3rd kW)	~360 to 420 Units	~ ₹1,850 / month (84 Mo)
4.0 kWp to 10.0 kWp Plant	**₹78,000 Maximum**	~480 to 1,300 Units	~ ₹2,400 to ₹6,200 / month
Housing Societies (RWAs / GHS)	**₹18,000 per kW** (up to 500 kW common EV/lift)	Varies by system size	Custom Society Green Loans

B. Zero Downpayment Universal Solar Financing Partners

Customers pay **₹0 upfront today**. Solviro Energy arranges 100% project financing through our empanelled banking partners with concessional interest rates starting at **6.99% p.a.** under PM Surya Ghar priority green lending:

- **Nationalized & Commercial Banks:** State Bank of India (SBI Surya Ghar Loan @ 6.99% p.a.), HDFC Bank, ICICI Bank, Punjab National Bank (PNB), Bank of Baroda (BoB), Axis Bank, Canara Bank, Union Bank of India, IDFC FIRST Bank, and Kotak Mahindra Bank.
- **CleanTech NBFCs:** Tata Capital CleanTech, Bajaj Finserv, Ecofy Green NBFC, Credit Fair, and L&T Finance.
- **No Property Mortgage:** Completely collateral-free for loans up to ₹7,00,000 with paperless digital KYC and 24–48 hour sanctions.

7. 5-Year All-Risk Insurance & Solviro CleanPro™ O&M Services

5-Year Comprehensive All-Risk Insurance

Every installation includes full asset protection underwritten by India's top general insurers (**HDFC ERGO, ICICI Lombard, Bajaj Allianz, Tata AIG, SBI General, New India Assurance, and Go Digit**).

- **Storm & Cyclone:** Protection against winds up to 170 km/h, hail impact, and seismic tremors.
- **Electrical Fire & Surge:** Arcing, grid voltage spikes, and inverter burnout replacement.
- **Theft & Burglary:** 100% hardware replacement with cashless claim settlement.

Solviro CleanPro™ 360° Operations & Maintenance

Dust, soot, and bird droppings cause 18%–32% generation loss in Madhya Pradesh. CleanPro™ restores 100% peak yield:

- **Mechanized Washing:** 30-ft telescopic carbon-fiber poles with rotary nylon brushes & low-TDS de-mineralized water.
- **Aerial Drone Thermography:** Infrared thermal cameras pinpoint cell hotspots, micro-cracks, and failing diodes.
- **Electrical Health Audits:** IV-curve tracing, SPD surge testing, and chemical earthing pit ohmic maintenance (<2 Ohms).
